EDUCATION

Kalinga institute of industrial technology

B.Tech in Computer Science and Engineering

Bhubneswar, Odisha

2023 – 2027

Dav Public School,Gandhinagar

Senior Secondary(Class XII), CBSE

Ranchi,Jharkhand

2020 – 2022

Dav Public School,Canary Hill

Secondary (Class X),CBSE

Hazaribagh,Jharkhand

2018-2020

EXPERIENCE

AI/ML Intern

AICTE(Google for Developers Program)

Jan 2025 – Mar 2025

- Proficient in Artificial Intelligence and Machine Learning through Google for Developers program
- Hands-on experience in TensorFlow

Data Analyst Intern

AICTE(Alteryx)

Oct 2024 – Dec 2024

- Proficient in data manipulation, modeling, and transformation using Alteryx
- Skilled in creating automated workflows, optimizing data processes
- Generating insights for decision-making

Web developement Internship

Central Coalfields Limited

May 2024 – June 2024

Ranchi, Jharkhand

- Designed and developed a responsive web application using HTML, CSS, JavaScript, and PHP to host and manage two quizzes
- The project includes dynamic user interface elements, client-server communication, and real-time data handling

PROJECTS

AI based Paper checking Agent | *Python, Flask, Google Gemini API,REST APIs*

- Built an **AI-based paper evaluation system** using Google gemini for automated assessment of descriptive answers.
- Used Poppler to extract text from scanned PDF answer sheets for accurate evaluation.
- Implemented partial marking logic based on answer relevance and concept coverage.
- Reduced manual evaluation effort by ensuring fast, consistent, and scalable grading .

AI Meeting Intelligence System | *Python, Whisper, Open-source LLMs (Mistral), React, PostgreSQL*

- Built an end-to-end AI system that converts meeting audio/video into structured decisions with owners, deadlines, and confidence scores
- Implemented speech-to-text using Whisper and LLM-based information extraction with abstain logic for low-confidence outputs.
- Designed a human-in-the-loop review interface to edit, approve, and learn from corrections, improving extraction accuracy over time.
- Developed a metrics dashboard to track decision accuracy, abstain rate, and minutes saved per meeting

TECHNICAL SKILLS

Languages: Java, Python,C,HTML,CSS,SQL

Frameworks: FastAPI, Pytorch,Tailwind CSS,Hugging Face Transformers

Developer Tools: Git,,VS Code, Visual Studio,IntelliJ,Google Colab,PowerBI

Soft Skills:Teamwork, Analytical Assessment,Communication skills

CERTIFICATIONS

Google Analytics Certification :Google Analytics

Cyber Security Fundamentals:Palo Alto Networks Academy
